

Website Proposal

Single-page brand site — friend rate

Project Summary

A clean, mobile-friendly one-page website to establish your brand presence online. This covers the full build, launch, and a small set of extras included as part of a friend rate.

What's Included

- Single-page website design and build
- Mobile and tablet optimisation
- Basic SEO setup: page title, meta description, image alt text
- Logo and brand asset integration
- Domain connection and launch assistance
- One round of small text/image tweaks after handover

What's Not Included

- Original copywriting (client provides text)
- Photography sourcing or paid stock images
- Multi-page builds or complex integrations
- Ongoing edits beyond the included tweak window

Timeline

3–5 working days from receiving all content (logo, text, images, contact details).

Investment

Single-page website build (including logo integration)	£200 fixed fee
Payment terms	50% upfront, 50% on completion

Note: This price includes logo/brand work as a favour — normally priced separately. Future updates or additional pages can be quoted separately.

Next Steps

1. Confirm the go-ahead and send over your content
2. I build the draft and share it for feedback
3. We make the included round of tweaks
4. Launch the site and hand it over

Questions? Just reply and I'll adjust anything before we begin.
